EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The London Borough of Hounslow (Prescribed Routes) (No.2) Traffic Order 2018 imposes restrictions on moving traffic in various locations in the borough.

This Order amends the Order of 2018 by introducing one-way workings in the Bath Road service roads fronting Nos. 355 to 377 and Nos. 392 to 438, except for cycles.

Bath Road, Hounslow – parking restrictions, one-way working, provision of road humps & pedestrian crossing

STATEMENT OF REASONS

Road Humps

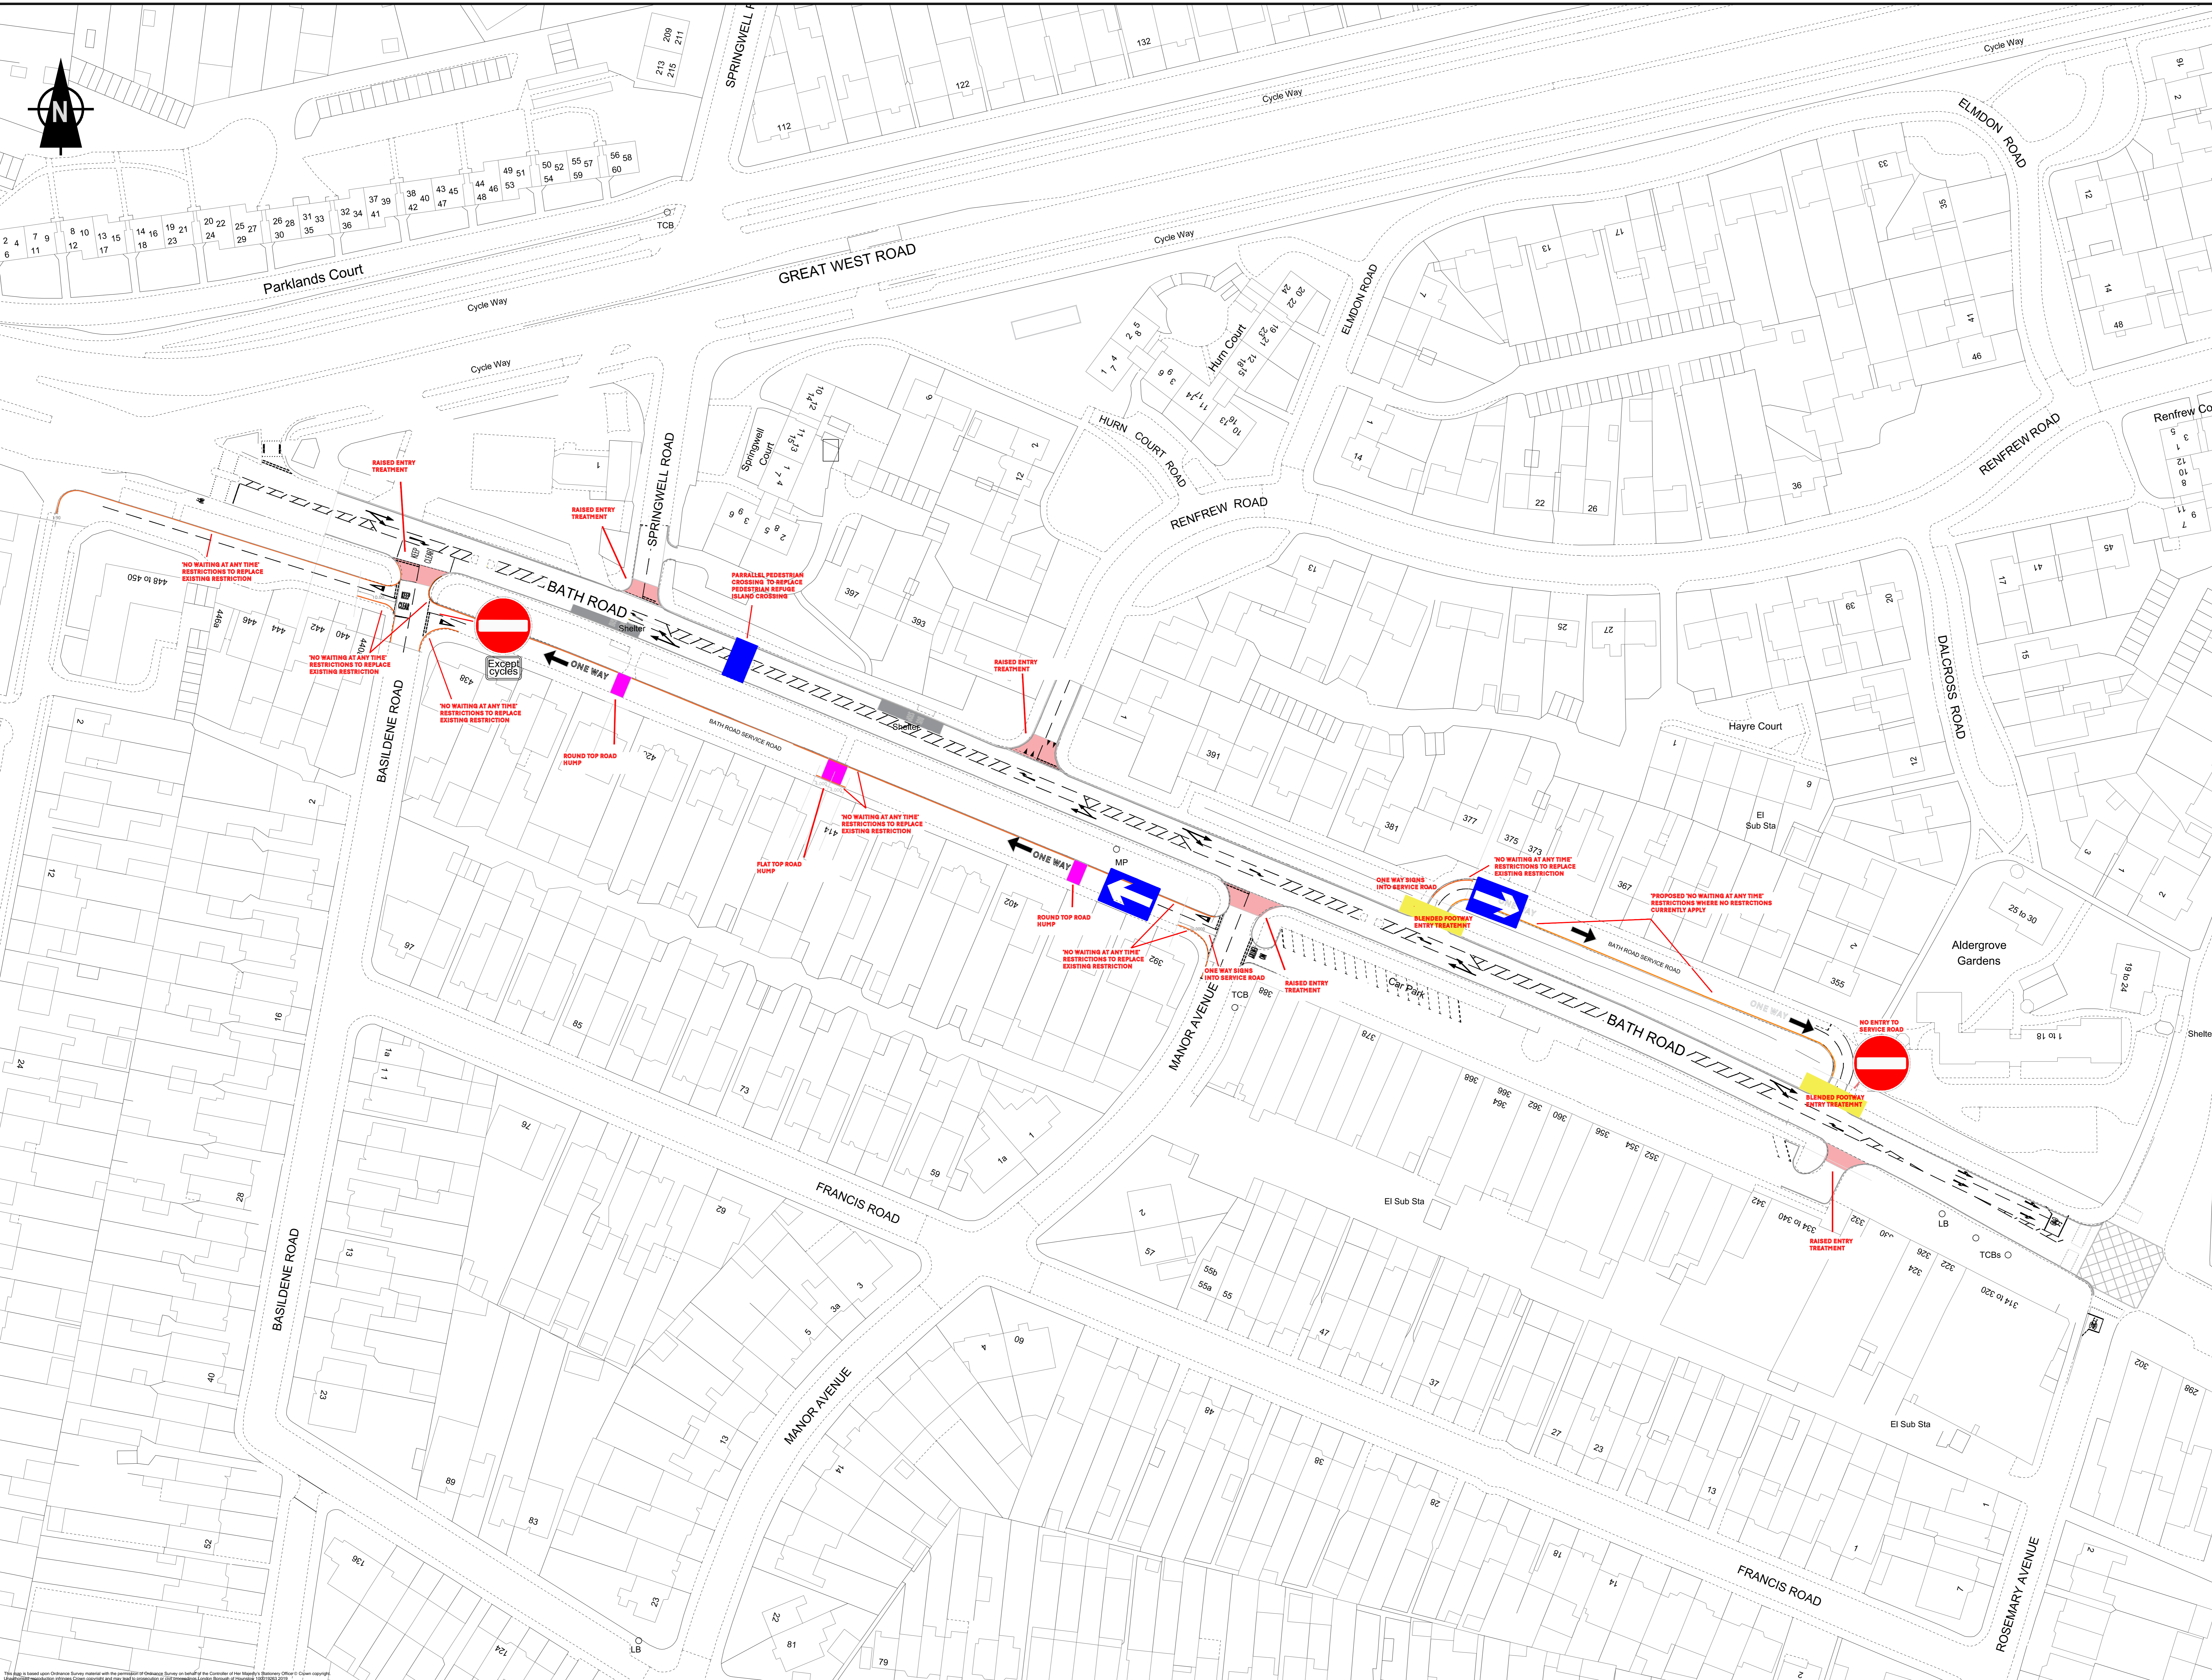

These measures are proposed to reduce vehicle speeds. As part of this traffic management scheme this service road is to be made One Way westbound with contra flow for Cyclists eastbound. These road humps should enhance road safety for pedestrians, drivers and cyclists using this residential service road whilst deterring rat running.

One-way working

These proposals are to improve the current traffic management arrangements on Bath Road and the two related service roads by reducing vehicle movement at these junctions and the potential for road traffic accidents to occur. By doing this should enhance road safety particularly for cyclists using the proposed cycle contraflow on the south side service road to access the proposed parallel crossing to wider destinations and the eastbound cycle route.

Parallel Pedestrian/Cyclist Crossing

The proposed parallel crossing provides an improved crossing facility at this location for pedestrians to access both adjacent bus stops on Bath Road while allowing cyclist to connect with the proposed east/west cycle track/route and access wider cycle destinations north & south.
